How do I access my courses online?

Depending on what type of student you are you will access your online classes:

**Main Campus Undergraduate, Graduate, Continuing Education (Including Applied Behavioral Analysis Certificate Program), Extended Studies Student**

Florida Tech uses a Web-based course content management system called CANVAS. You can access your online courses by visiting [http://canvas.fit.edu](http://canvas.fit.edu) and logging on with your TRACKS account or from [ACCESS](http://access.fit.edu) and clicking on the Canvas Icon in the Student Launchpad.

**For University Alliance Online students**

You may find your courses by visiting [FloridaTechOnline](http://floridatechonline.org). You can login with either your TRACKS or your University Alliance login.
