What/Where is OEC127?

OEC127 is a multimedia computer lab located on the 1st Floor of Olin Engineering Building. It is open from 8a.m to 8p.m, and requires key card access after hours. This lab consists of 16 computers and an Instructor Workstation, all running on Windows 7 operating system. The input types available at the Instructor Workstation are HDMI, Gryomouse, Document Camera, VGA, Audio In, and an RGB Component. OEC127 and OEC128 are divided by a partition which can be removed at anytime to make them into one classroom. This allows the rooms to share their projector screens. Printing is also available in this lab at the EC127-RICOH printer.
