Email

Do I have to check my Florida Tech email address?

In short, yes.

Once students are issued a Florida Tech email address, all official communication from the university will go to that mailbox as a matter of university policy. As a result of this policy, it is important that all students check their mailbox at [http://mail.my.fit.edu](http://mail.my.fit.edu) on a regular basis.

We recommend checking your Florida Tech email address at least once every 24 hours.

What if I have another email address that I check more regularly than my Florida Tech email address?

Although it is not a service the Technology Support Center supports or provides, you can configure your Florida Tech mailbox to forward your emails to another address.

Follow the instructions on this [FAQ article](http://mail.my.fit.edu) to learn how.
